9.b [ODOT - Americans with Disabilities Act Ramp Project IGA](#)

Staff is recommending approval of an Intergovernmental Agreement (IGA) with ODOT for Americans with Disabilities Act (ADA) curb ramp improvements along state highways within the City. ODOT will design, fund, and construct the project, while the City will review plans, provide access to right-of-way, and assume long-term maintenance of improvements within City right-of-way. The agreement establishes roles and responsibilities and extends through the 20-year useful life of the improvements.

9.c [Resolution of Intent to Vacate Portions of Franklin Ave., 20th St. and 22nd St. Rights-of-Way](#)

The City is commencing a City-initiated street vacation of portions of 20th Street, 22nd Street, and Franklin Avenue within and adjacent to the CMH campus to support expansion of the hospital's main facility. These rights-of-way function primarily as internal access routes. The proposed vacation will accommodate building expansion west of the existing structure and advance the long-term campus development concept. The action, authorized under ORS Chapter 271, begins with adoption of a Resolution of Intention and required public notice, followed by a public hearing and ordinance consideration.

9.d [Authorization to Award Contract for Logging Services for the 2026 Forest Thinning Project](#)

City Council consideration of a contract award for logging services to implement a 48-acre forest thinning project in the Bear Creek Watershed during summer 2026. The project is intended to improve water quality, forest health, and long-term resilience while generating an estimated \$296,000 in net revenue to the Capital Improvement Fund. Staff recommends awarding the contract to Teevin Bros. Land & Timber Co., LLC as the lowest responsible bidder offering the best overall value.

9.e [Discussion on an Ordinance to Allow for Transportation Network Companies \(Rideshare\) to do Business within the City of Astoria.](#)
