10.A PUBLIC REVIEW DRAFT HOUSING ELEMENT

Every eight years, each California city and county must update the Housing Element of their General Plan and have it certified by the California Department of Housing and Community Development (HCD). The Housing Element includes a range of data, goals, and programs to guide City efforts during the eight-year plan period. It includes programs and policies to support housing production and supply for all segments of the community, information regarding housing resources available in Benicia, and analysis of constraints to housing production. For the upcoming 2023-2031 Housing Element cycle, the City is required to plan for at least 750 new housing units.

The City has released a Public Review Draft Housing Element that provides recommendations based on direction received through public comment and public engagement to date, and Planning Commission and City Council direction. The purpose of this agenda item is to receive public comment and commissioner feedback, which will inform the preparation of the Draft Housing Element that will be submitted to HCD for its review in August, 2022.

RECOMMENDATION:

Receive a presentation about the Public Review Draft Housing Element, accept public comment, and provide feedback and direction to staff.
