5 REGULAR BUSINESS/NEW APPLICATIONS

5.1. item #1: 66 N. FRONT STREET/TIMELY SIGNS

Request: Applicant is proposing two (2) wood composite signs for business identification purposes. Both signs will be painted white with dark orange lettering. First sign will be 40"h x 65"w. It will be a single sided wall mounted panel. Second sign will be 28"w x 36"h. It will be a double sided hanging panel. Stainless screws will be used for the wall sign and aluminum hanging brackets will be used for the hanging panel.

5.2. Item #2: 44 POST STREET/JAMIE NIBLOCK/JOHN KRENEK/PETER ECONOMOS

Request: Applicant is proposing to construct a second floor deck with shed roof directly over the existing front porch deck. During renovation it became evident from the framing that the original front windows started at floor level. Given permission, the owners are willing to have custom doors made to match the original openings. They would be narrow (33") twin doors with as much glass as can be accommodated. They would like to do this work to allow a usable space for the second floor tenants to walkout and view the park across the street
